Associate Professor of Parks, Protected Areas, and Natural Resources Management (August 2021 – present); Assistant Professor of Parks, Protected Areas, and Natural Resources Management (August 2015 – July 2021); Instructor (August 2014 – July 2015)

- Served as Principal Investigator (PI) or Co-PI on more than 15 social science or interdisciplinary projects worth more than \$5 million sourced from federal agencies (e.g., U.S. Fish and Wildlife Service, U.S. National Park Service, U.S. Department of Agriculture, National Science Foundation), state/regional entities (e.g., Association of Fish and Wildlife Agencies), and university partners (e.g., Univ. of Minnesota, OSU's Center for Human-Animal Interactions Research and Education, OSU's Institute for AgriCultural Transformation Discovery Theme). Examples include:
 - Sole Principal Investigator (PI) on a U.S. Fish and Wildlife Service (FWS) grant aimed at evaluating visitor experiences on national wildlife refuges that provide critical wildlife habitat (go.osu.edu/NVSresults). Produced 100+ reports for participating refuges and supported evidence-based decision-making.
 - Co-lead, in co-operation with PIs at Colorado State University (CSU), of the America's Wildlife Values project (www.wildlifevalue.org) to replicate and expand earlier research assessing how core beliefs (i.e., values) of Americans in relation to wildlife are shifting, which complicates wildlife management traditionally rooted in public trust.
