**WEBINAR**

Friday December 2<sup>nd</sup> @ 10 - 12:00 pm

**Non-native Invasive Forest Pests and  
Sentinels**

Join Ohio State University Professor in Plant  
Pathology Enrico Bonello as he talks about non-  
native invasive pests and the use of sentinel tree  
plantings. These plantings provide an interesting way  
to monitor what future pests and diseases may be of  
concern if they leave their native habitat.
