## Improving Your Woodland

We all own our woodlands for a variety of reasons. Understanding how your goals and objectives relate to your woods is part of what will be explored for the day. What can a landowner do to ensure a healthy and productive woodland into the future? See what items should be on a landowners radar when it comes to their woodland. How can our goals and objectives best be accomplished? We will spend the morning inside exploring these issues and the afternoon outside putting those ideas to work!

**Class fee: \$35** Class includes indoor and outdoor sessions - dress appropriately. Lunch and materials are included in the class fee.

### Class Agenda

- 9:00 Defining your goals & objectives
- 10:00 Evaluating Your Woodland for Maple Production
- 10:45 Improving your woodland with a variety of management tools (crop tree management, tsi etc.)
- 12:00 Lunch (provided)
- 1:00 In the field
- 3:00 Wrap-up and adjourn
