

Graduate Degree Evaluation Criteria

Table A1.1: Learning Outcomes Assessment Plan performance criteria and status for MS degree

	Performance Criteria	Status
A	Satisfactory progress toward completing their Program of Study	No data
B	95% Complete theses and pass defense	90%
C	95% Satisfactory grade for ENR6000, ENR8980, ENR8897	No data
D	25% Attend/participate in national or international meetings	No data
E	75% indicate satisfaction with advising and support for professional development	79%
F	95% Present thesis proposal at Research Proposal Symposium	No data
G	50% Provide a scientific presentation at an academic and/or professional meeting	No data
H	15% Report having submitted at least one manuscript developed one project report or other significant publication	No data

Table A1.2: Learning Outcomes Assessment Plan performance criteria and status for the PhD degree

	Performance Criteria	Status
A	95% of students pass their candidacy examination	No data
B	95% of students earn an average grade of \geq B (3.0) in \geq 9 credit hours designated as “Methods” courses	No data
C	95% of all candidates complete their dissertations and pass their dissertation defense	74%
D	95% of students earn a grade of \geq B (3.0) for ENR 8785	No data
E	40% of students attend/participate in attendance in national or international meetings	No data
F	70% of students indicate satisfaction with advising and support for professional development	55%
G	95% of students earn a grade of \geq B (3.0) for ENR 8980	No data
H	95% of all doctoral candidates complete their scholarly seminar	No data
I	85% of students give a research presentation at an academic and/or professional meeting	No data
J	25% Report having submitted at least one manuscript developed one project report or other significant publication	No data

Table A1.3: Learning Outcomes Assessment Plan performance criteria and status for the MENR degree

	Performance Criteria	Status
A	75% of students earn a \geq B (3.0) or above for following courses: core legal, core ecology, core social science, skills courses, specialization courses, keystone course	No data

B	75% of all MENR students complete and pass their final examination	No data
C	75% of students earn a grade of Satisfactory for the course ENR 7981	No data
D	75% of students receive a positive evaluation following ENR 7191 MENR Internship	No data

Appendix 2 - Summary of responses to graduate student Evaluation of Advising surveys (2016-2020).

Areas of concern highlighted in yellow.

F1 - I do not have to worry about my ability to financially support my graduate program

F2 - Adequate funding is available to support the costs of my graduate program

F3 - If I needed additional funding to support my program, I am confident that I could work with my advisor to secure the additional support

P1 - My advisor is supportive of my professional goals

P2 - SENR is supportive of my professional goals

P3 - I have participated in professional development activities that will help me achieve my professional goals

P4 - I have been able to receive the training I need to achieve my professional objectives

P5 - Courses completed as part of my Program of Study have prepared me to achieve my research objectives

A1 - My advisor has provided effective support as I have developed my research design

A2 - I am able to communicate effectively with my advisor

A3 - My advisor is available when I need to meet

A4 - I meet regularly with my advisor

A5 - My advisor provides timely feedback on my writing

A6 - My advisor is respectful

A7 - My advisor treats me fairly

Answer choices

1	2	3	4	5
Strongly disagree	Disagree	Unsure	Agree	Strongly agree
