PROFESSIONAL APPOINTMENTS

Researcher 3 The Ohio State University, 10/2023-Present
Leading multiple research projects in conservation social science. Developing online, asynchronous courses at graduate and undergraduate level.

Researcher 2 The Ohio State University, 7/2022-9/2023
Consulting with Ohio Division of Wildlife on modal biases in data collection by combining and analyzing ~10 years of emailed and mailed hunter survey data. Led social arm of research on private landowner decision-making and preferences for right-of-way management for pollinator habitat. Taught graduate-level research methods.

Postdoctoral Scholar The Ohio State University, 2016-2022
Research 2016-2022
Led 1 non-profit partnered project (\$53,655), 2 agency-partnered projects (totaling \$447,644.85 over 3 years), and implemented longitudinal, multi-method data collection on interdisciplinary team assessing Smart Columbus travel impacts (total of \$348,726 over 2 years). Implemented a longitudinal, campus-wide survey of >9,000 undergraduates in support of campus sustainability goals. Published 15 papers—6 first-authored, and 6 led by graduate students in interdisciplinary programs, and 14 reports—10 first-authored, 3 led by graduate students, 1 led by an undergraduate lab assistant supervised in the Environmental and Social Sustainability Lab.

Environmental and Social Sustainability Lab Management 2019-2022
Maintained a subject pool of ~400 participants, providing research experience to undergraduates enrolled in affiliated courses, and a source of study participants for >20 researchers affiliated with the lab. Developed lab promotional materials and reports, maintained or updated lab resources and website, and coordinated graduate recruitment efforts. Trained 2 undergraduate research assistants in statistics and report writing, and 2 in general website and lab maintenance.

Lecturer (see Teaching section below for details) 2017-2018, 2021, 2022, 2023
