

## DR. ROBYN S. WILSON

---

The Ohio State University  
School of Environment and Natural Resources  
2021 Coffey Road, Columbus, OH 43210-1085

Phone: 614.247.6169  
Fax: 614.292.7432  
Email: Wilson.1376@osu.edu

---

### **a. Professional Preparation**

Denison University, B.A., Environmental Studies, 2000  
The Ohio State University, M.S./Ph.D., Natural Resource Management, 2006  
The Ohio State University, Post-doc, Department of Horticulture and Crop Science, 2006

### **b. Appointments**

2019 – present Professor of Risk Analysis and Decision Science, The Ohio State University  
2019 – present Professor (by courtesy), School of Communication, The Ohio State University  
2014 – present Associate Professor (by courtesy), School of Communication, The Ohio State University  
2013 - present Associate Professor of Risk Analysis and Decision Science, The Ohio State University  
2007- 2013 Assistant Professor of Risk Analysis and Decision Science, The Ohio State University  
2007 Post-Doctoral Research Associate, The Ohio State University  
2002-06 Graduate Fellow and Research Assistant, The Ohio State University

### **c. Peer Reviewed Scientific Publications** (\*indicates student or post-doc as lead author)

- Shaffer-Morrison, C.D.\*, N.H. Dillman-Hasso\* and **R.S. Wilson**. In press. Sowing seeds for the future: Future time perspective and climate adaptation among farmers. *British Journal of Social Psychology*.
- Shaffer-Morrison, C. D.\*, & **Wilson, R.S.** 2024. Understanding drivers of local water quality perception in the Lake Erie Basin. *Journal of Great Lakes Research*, 50(2), 102311.
- Ashenfarb, M.\*, Shaffer-Morrison, C. D.\*, **Wilson, R.**, Marquart-Pyatt, S., & Epanchin-Niell, R. 2024. Social targeting conservation subsidies in the Western Lake Erie Basin. *Journal of Environmental Management*, 371, 123103.

#### **cv. Scholarly Presentations (last 5 years)**

R.S. Wilson. 2025. "Communicating risk and uncertainty: How can risk science help?" Invited panelist at the Society for Risk Analysis-Europe Annual Meeting. Stavanger, Norway.

R.S. Wilson. 2025. "Linking risk and sustainability through decisions science." Invited panelist at the Society for Risk Analysis-Europe Annual Meeting. Stavanger, Norway.

R.S. Wilson. 2025. "Expanding regulatory scope to address climate action." Presented at the Society for Risk Analysis-Europe Annual Meeting. Stavanger, Norway.

R.S. Wilson. 2025. "Integrating behavioral heterogeneity into models of climate risk and resilience." Presented at the Society for Risk Analysis Australia-New Zealand Annual Meeting. Melbourne, Australia.

R. S. Wilson. 2024. "Did we make a mistake when we called it "risk communication"? What now?". Invited roundtable discussant at the Society for Risk Analysis Annual Meeting. Austin, TX.

R.S. Wilson. 2024. "Motivating collective action for climate resilience". Invited speaker in the symposium "Case studies in community-based climate change adaptation" at the Society for Risk Analysis Annual Meeting. Austin, TX.

R.S. Wilson. 2024. "Adapting with resilience". Invited discussant at the American Psychological Association (APA) Division 34 Society for Environmental, Population and Conservation Psychology Annual Meeting. Virtual.

R.S. Wilson. 2024. "Synthesizing the day: Key themes and opportunities". Invited speaker at the Science and Environmental Communication Conference, University of Michigan. Ann Arbor, MI.

- R.S. Wilson. 2024. "Behavior and the environment: General best practices in behavior change." Invited speaker at the Central Ohio Urban Forestry Conference. Columbus, OH.
- R.S. Wilson. 2024. "Climate change in Ohio: What should you do?" Invited speaker at the Upper Arlington Senior Center. Columbus, OH.
- R.S. Wilson. 2024. "Increasing motivation and promoting persistence in farmer conservation". Invited speaker at the Foundation for Food and Agricultural Research 10 Year Anniversary Panel. Virtual.
- R.S. Wilson. 2024. "Motivational Barriers to Implementing Conservation". Invited speaker at the Iowa Learning Farms Conservation Webinar Series. Virtual.
- R.S. Wilson. 2024. "Motivating collective action to solve water quality problems". Presented at the Soil and Water Conservation Society Annual Meeting. Myrtle Beach, SC.
- R.S. Wilson. 2024. "Motivating the middle adopters: Barriers to conservation action." Invited Plenary Speaker at the Growing Outreach Conference. Madison, WI.
- R.S. Wilson. 2024. "The Pilot Watershed Project: Achieving and sustaining conservation adoption targets." Presented at the Growing Outreach Conference. Madison, WI.
- R.S. Wilson. 2024. "Connecting on Climate". Invited speaker at the Ohio Spring Public Health Conference. Columbus, OH.
- R.S. Wilson. 2024. "The role of risk science in promoting true resilience and societal transformation." Invited Plenary Speaker at the Society for Risk Analysis Australia-New Zealand Annual Meeting. Christchurch, New Zealand.
- R.S. Wilson. 2024. "The role of the social sciences in contemporary risk." Invited panelist at the Society for Risk Analysis Australia-New Zealand Annual Meeting. Christchurch, New Zealand.
- R.S. Wilson. 2024. "Motivational barriers to implementing conservation". Invited speaker at the Michigan Soil and Water Conservation Society Annual Meeting. Virtual.
- R.S. Wilson. 2024. "Climate change in Ohio: What should you do?" Invited speaker at Science Sundays. Columbus, OH.
- R.S. Wilson. 2024. "Integrating the social and behavioral sciences to inform climate action". California Office of Environmental Health Hazard Assessment (OEHHA) Indicators of Climate Change Symposium: Bridging Science and Action.
- R.S. Wilson. 2023. "Community based social marketing and best practices for behavior change". Guest Lecture at Capital University. Columbus, OH.
- R.S. Wilson. 2023. "Does risk analysis have a future: A transatlantic perspective." Invited panelist at the Society for Risk Analysis Annual Meeting. Washington, D.C.
- R.S. Wilson. 2023. "Risk science and politics: What is and should be the relationship?" Invited panelist at the Society for Risk Analysis Annual Meeting. Washington, D.C.
- R.S. Wilson. 2023. "A yardstick for danger: Developing a flexible and sensitive measure of risk perception." Invited participant at the 12<sup>th</sup> Triennial Invitational Choice Symposium. Fontainebleau, France.
- R.S. Wilson. 2023. "Does risk analysis have a future in Europe?" Invited panelist at the Society for Risk Analysis Europe Meeting. Lund, Sweden.
- R.S. Wilson. 2023. "A yardstick for danger: Developing a flexible and sensitive measure of risk perception." Presented at the Society for Risk Analysis Europe Meeting. Lund, Sweden.
- R.S. Wilson. 2023. "Barriers to implementing conservation in agriculture." Invited Alan R. Bender Memorial Lecturer at the South Dakota Student Water Conference. Brookings, South Dakota.

- R.S. Wilson. 2023. "Understanding farmer adaptation to guide management in changing climate." Invited speaker at the Eastern South Dakota Water Conference. Brookings, South Dakota.
- R.S. Wilson. 2023. "Climate change in Ohio: What should you do?" Invited speaker at the Association of Ohio Health Commissioners Annual Meeting. Dublin, OH.
- R.S. Wilson. 2023. "NASEM Workshop on Integrating the Human Sciences to Scale Societal Responses to Environmental Change." Invited speaker and workshop chair. Virtual.
- R.S. Wilson. 2023. "NSF grant applications: Lessons from program officers and principal investigators". Invited panelist at the Midwest American Psychological Association Annual Meeting. Chicago, IL.
- R.S. Wilson. 2023. "Integrating heterogeneity in decision making into simulation models". Invited presenter at the Decisions and Climate Conference. The Ohio State University, Columbus, OH.
- R.S. Wilson and C. Dale Shaffer-Morrison. 2023. "Barriers to Implementing Conservation in Agriculture". Invited presenter at The Nature Conservancy farmer outreach event. Defiance, OH.
- R.S. Wilson and C. Dale Shaffer-Morrison. 2023. "Motivational Barriers to Conservation Implementation". Invited presenter at the Conservation Drainage Network Annual Meeting. Easton, MD.
- R.S. Wilson. 2022. "Improving EPA's climate risk communication: Effective goals, environmental justice strategies, evaluating success, knowledge gaps and agency opportunities". Invited panelist. Virtual.
- R.S. Wilson. 2022. "Promoting private lands conservation and protecting water quality". Invited speaker at the Bowling Green Kiwanis Meeting. Virtual.
- R.S. Wilson. 2022. "The role of risk beliefs versus identity in climate adaptation decisions". Presented at the Society for Risk Analysis Annual Meeting. Tampa, FL.
- R.S. Wilson. 2022. "Preparing for a Hotter World". Invited speaker at the American Association for University Women (AAUW) Meeting. Westerville, OH.
- R.S. Wilson. 2022. "Making plans in "unprecedented" times". Invited panelist at the Mid-Ohio Regional Planning Commission Summit on Sustainability. Columbus, OH.
- R.S. Wilson. 2022. "Reframing climate assessment around risk." Invited panelist as the NASEM Hauser Policy Webinar entitled "How should society assess risks from climate change?". Virtual.
- R.S. Wilson. 2022. "Does risk analysis have a future in Europe?". Invited panelist at the Society for Risk Analysis Europe Annual Meeting. Virtual.
- R.S. Wilson. 2022. "Farmer motivation and heterogeneity in behavior." Presented at the C-Farm Event. Columbus, OH.
- R.S. Wilson and C. Dale Shaffer-Morrison. 2022. "State of the Science: Barriers to Conservation". Presented at the Great Lakes Commission's Sediment and Nutrient Reduction Program workshop titled "Nutrient Reduction for the Great Lakes: Dialogues on Solutions". Virtual.
- R.S. Wilson and C. Dale Shaffer-Morrison. 2022. "Lessons from behavioral and team science in the Great Lakes". Invited plenary speaker at the Delta Stewardship Council Advancing Interdisciplinary Training Workshop. Virtual.
- R.S. Wilson. 2022. "Conservation Targeting for constructed wetlands". Presented as part of an invited symposium titled "Social and Behavioral Targeting of Conservation Programs for Increased Effectiveness" at the Soil and Water Conservation Society Annual Conference. Denver, CO.
- R.S. Wilson. 2022. "Preparing for a Hotter World". Invited plenary speaker at the American Psychological Association Division 34 Annual Meeting. Virtual Event.

- R.S. Wilson. 2022. "Speed Science Talk". Invited faculty speaker at the Decision Sciences Collaborative Symposium. Columbus, OH.
- R.S. Wilson. 2022. "Climate and Resilience in Midwestern Food-Energy-Water Systems". Panelist at the Global Council for Science and the Environment Annual Conference. Virtual Meeting.
- R.S. Wilson. 2021. "Understanding climate adaptation and mitigation decisions in large-scale agriculture". Invited speaker at the The Ohio State University Department of Marketing Brownbag. Columbus, OH.
- R.S. Wilson, A. Wilson and M. Doidge. 2021. "Ohio State studies the climate and agriculture". Invited speaker on the 'Our Ohio Weekly' [Podcast](#). Virtual Event.
- R.S. Wilson. 2021. Invited panelist at the Resilient National Partnership Network "Resilient Decision Making Panel". Virtual Event.
- C. Rapp, R.S. Wilson, E. Toman and W.M. Jolly. 2021. "Assessing the role of short-term weather forecasts in fire manager tactical decision making". Invited speaker in the symposium "Managing and reducing the risk of wildfire through response and fuel treatment" at the Society for Risk Analysis Annual Meeting. Virtual Event.
- R.S. Wilson, H. Walpole and C. Tellez. 2021. "Farmer climate adaptation: Farming harder, farming different and stopping altogether". Speaker at the Soil and Water Conservation Society Annual Conference. Virtual Event.
- R.S. Wilson. 2021. "Understanding climate adaptation decisions in large-scale agriculture". Invited seminar speaker at the Stanford University Series "Approaching sustainability: Conversations with leading scholars". Virtual Event.
- R.S. Wilson. 2021. "Land-use behavior and keeping the ecological carbon isolated". Invited panelist at The Ohio State University Sustainability Institute Energy Symposium "What does it mean to go negative?". Virtual Event.
- R.S. Wilson and A. Wilson. 2021. "Agroecosystem resilience: Regional integrated modeling of farmer adaptations to guide management in a changing climate". Invited speaker at the NC3 Webinar Series. Virtual Event.
- R.S. Wilson. 2021. "Understanding climate adaptation and mitigation decisions in large-scale agriculture". Invited speaker at The Ohio State University Department of Marketing Brownbag. Virtual Event.
- R.S. Wilson and M. Doidge. 2021. "Understanding climate adaptation decisions in the eastern Corn Belt". Invited speaker at Environmental Science Graduate Program Seminar. Virtual Event.
- R.S. Wilson. 2021. "Preventing and mitigating emergencies and current threats: A decisions science perspective." Invited speaker at the 2021 Inaugural Emergency Preparedness, Response and Recovery Virtual Conference. Virtual Event.
- R.S. Wilson. 2021. "Adapting to climate-exacerbated hazards in Ohio and beyond". Invited speaker at the Church of the Messiah Forum. Virtual Event.
- R.S. Wilson. 2020. "Conversations on the Politics and Science of Climate Change in the Buckeye State". Invited panelist at the Ohio State University Environmental Professionals Network (EPN). Virtual Event.
- R.S. Wilson. 2020. "The Science of Climate Communication: How to reach conservative and moderates". Invited panelist at the Midwest Climate Summit. Virtual Event.
- R.S. Wilson. 2020. "Achieving nutrient reduction targets by building farmer confidence in conservation". Invited speaker at the Agronomy Society of America International Annual Meeting, Megaposium, Virtual.

- R.S. Wilson. 2020. “Climate change in central Ohio: What can you do?” Invited speaker at the Church of the Messiah, Columbus, OH.
- R.S. Wilson. 2020. “Uncovering barriers to increased conservation in agriculture”. Invited speaker at the Corn-Soybean Day, Archbold, OH.
- R.S. Wilson. 2020. “Communicating climate change and promoting adaptation in the Great Lakes”. Invited speaker at the Environmental Professionals Network Exploring the Interactions between Climate, Water and Communication, Virtual.
- R.S. Wilson. 2020. “Understanding climate adaptation decisions in the eastern Corn Belt”. Speaker at the Ohio Farm Science Review, Virtual.
- R.S. Wilson. 2020. “Understanding climate adaptation decisions in the eastern Corn Belt”. Invited seminar speaker in The Ohio State University Department of Geography, Virtual.
- R.S. Wilson. 2020. “Understanding climate adaptation decisions in the eastern Corn Belt”. Speaker at the Soil and Water Conservation Society Annual Meeting, Virtual.
- R.S. Wilson. 2020. “Individual decision making for compound hazards”. Invited speaker at the EDEN, eXtension and Southern University webinar on “Hurricane Preparedness in the Wake of COVID-19”, Virtual.
- R.S. Wilson. 2020. “Individual decision making for compound hazards”. Invited speaker at the National Academies webinar on “Compound Hazards”, Virtual.
- R.S. Wilson. 2020. “Risk Analysis”. Invited panelist at the USGS Risk Community of Practice Webinar, Virtual.

#### **d. Grants**

- 2025 - 2027. *Pending*. Imagined tomorrow: The effect of fiction on climate risk perceptions. (\$500,000). Australian Research Council. Co-investigator.
- 2025 - 2026. *Pending*. Science is storytelling, the rock record of Cascadia and Indigenous peoples. (\$30,000). CRESCENT Seed Grant. Principal Investigator (with PhD Student Rene Castillo).
- 2025 - 2026. *Funded*. Doctoral Dissertation Research: Understanding and promoting persistent pro-environmental behavior change through regulatory scope. (\$29,952). National Science Foundation. Principal Investigator (with PhD Student Naseem Dillman-Hasso).
- 2025 - 2029. *Funded*. Enabling farmer discovery and managing critical tradeoffs with the emergence of national scale carbon markets. (\$9,983,463). NIFA AFRI Sustainable Agricultural Systems. Co-investigator.
- 2025 – 2029. *Funded*. UNIFY: Universal feedstock supply chain logistics for sustainable, climate-smart feed, fiber and fuel. (\$10,000,000). NIFA AFRI Sustainable Agricultural Systems. Co-investigator.
- 2024 – 2027. *Not Funded*. Improving the understanding of agronomic, environmental, and economic tradeoffs of cover crops. (\$249,979). North Central Region Sustainable Agriculture Research and Education (SARE) Program. Co-investigator.
- 2024 - 2025. *Funded*. Managing adjuvant risk to honeybees: Designing improved risk communication for pesticide applicators. (\$70,957). One Hive Foundation. Co-investigator.
- 2024 – 2027. *Not Funded*. Land management to conserve biodiversity and promote human well-being, (\$398,700). National Science Foundation. Co-investigator.
- 2024 – 2031. *Not Funded*. Center: PIPP Phase II: Theme 1: Center for Forest Invasion Resistance (C-FIR). NSF CBI – PIPP – Pandemic Prevention. (\$18,149,903). Collaborator.

- 2024 - 2028. *Not Funded*. Sustainable agroecosystem scenarios to conserve biodiversity and promote human well-being. USDA. (\$749,834). Co-investigator.
- 2023 - 2025. *Funded*. Increasing motivation and promoting persistence in farmer conservation. Foundation for Food and Agriculture Research. (~\$246,923). Principal Investigator.
- 2024 – 2026. *Not Funded*. Accelerating environmental actions on farms in New Zealand and the US: Sharing behavioral insights. Catalyst Seed Grant. Collaborator.
- 2024 – 2025. *Not Funded*. Planning: CRISES: Behavioral science solutions for climate resilience. National Science Foundation. (\$100,000). Co-investigator.
- 2023 - 2028. *Not Funded*. Ohio River Valley Center of Excellence in Vector Borne Disease (ORV COE). Centers for Disease Control and Prevention. (\$1,722,919). Co-investigator.
- 2022 - 2024. *Not Funded*. An Integrated Agricultural Land-Soil Carbon-Economic Model of Carbon-Equivalent Abatement in the Great Lakes Midwest Region of the United States. USDA Economic Research Service. (\$524,623.00). Co-investigator.
- 2022 - 2023. *Not Funded*. An agent-based model of agricultural carbon-equivalent abatement in the Great Lakes region of the United States. Environmental Defense Fund. (\$299,636.00). Co-investigator.
- 2022 – 2027. *Not Funded*. Ohio River Valley Center of Excellence in Vector Borne Disease (ORV COE). Centers for Disease Control and Prevention. (~\$7,000,000). Co-investigator.
- 2021 – 2026. *Not Funded*. Large-Scale CoPe: Water quality, coastal resilience and equity in the Great Lakes: Studying community action, lake ecosystems, and society (SCALES). National Science Foundation (\$19,980,435). Co-Investigator.
- 2022 - 2024. *Not Funded*. Overcoming barriers for agricultural best management practice adoption using targeted water quality monitoring. Ohio Department of Higher Education Harmful Algal Bloom Research Initiative (HABRI). (\$169,095). Co-investigator.
- 2022 – 2026. *Funded*. NRCS Regional Conservation Partnership Program (RCPP) alternative funding arrangement. Pilot watershed project. Natural Resources Conservation Service. (\$6,839,466). Co-investigator.
- 2022 - 2026. *Funded*. NSF DISES: Coproducing Actionable Science to Understand, Mitigate, and Adapt to Cyanobacterial Harmful Algal Blooms (CHABS). National Science Foundation (\$196,846 of 1,599,997). Co-Principal Investigator.
- 2021 – 2023. *Not Funded*. Automated Drainage Water Management: Innovation to a Proven Conservation Measure to Improve Adoption, Water Quality, and Farm Economic Viability. (\$490,998). Co-investigator.
- 2020 - 2021. *Funded*. Doctoral Dissertation Research in DRMS: Evaluating the Effects of Financial and Temporal Scarcity on Farmer Decisions to Engage in Conservation. National Science Foundation (\$29,820). Principal Investigator (with Maggie Beetstra, PhD Candidate).
- 2020 – 2023. *Funded*. Accelerating adoption of nutrient management through farmer-led outreach and education. EPA Great Lakes Restoration Initiative (through The Nature Conservancy). (\$107,525 of \$1 million proposal). Collaborator.
2020. *Funded*. 4R NSP Certification Evaluation. The Nature Conservancy. (\$22,713). Principal Investigator.
- 2018 – 2020. *Funded*. Defining a HABs early warning system. Great Lakes Observing System. (\$31,255). Principal Investigator.
2019. *Funded*. WLEB Wetland Survey. The Nature Conservancy. (\$29,555). Principal Investigator.

- 2019-2020. *Funded*. Advancing behavioral modeling in integrated socio-environmental models. Socio-Environmental Synthesis Center. Co-Principal investigator.
- 2018-2022. *Funded*. Developing public-private partnerships to target legacy phosphorus fields to increase water quality and availability. National Institutes of Food and Agriculture. (\$5,143,268). Co-Principal Investigator.
- 2018-2020. *Funded*. Building a sustainable and resilient agroecosystem through an understanding of climate and farmer behavioral variability. National Institutes of Food and Agriculture. (\$1,199,396). Principal Investigator.
- 2017-2018. *Not Funded*. Investigating and quantifying household food-energy-water footprints (FEWprints). SRE Seed grant program. (\$50,000). Co-Investigator.
- 2017-2020. *Funded*. Researching Effectiveness of Agricultural Programs (REAP). US EPA Great Lakes Restoration Initiative. (\$750,000). Co-Principal investigator.
- 2017-2020. *Funded*. INFEWS: Integrated Modeling of Regional Food, Energy and Water Systems. NSF FEWS. (\$2,995,000). Co-Principal investigator.
- 2017-2019. *Funded*. SESYNC Pursuits Proposal: Risk Perception in Provision of Aquatic Ecosystem Services. Socio-Ecological Synthesis Center (SESYNC) Pursuits Program. Co-Principal investigator.
- 2017- 2022. Reducing Embodied-energy and Decreasing Emissions (REMADE) Institute. Department of Energy National Network for Manufacturing Innovation. (\$70,000,000). Collaborator.
- 2016-2017. Energy transitions and bridges: Does what we emphasize take us where we want to be? Sustainable and Resilient Economy (SRE) Seed Grant Program. (\$42,000). Co-investigator.
- 2016-2019. Meeting the Middle: Developing and Implementing Outreach Strategies to Engage Middle and Late Adopter Farmers on Cover Crops. National Wildlife Federation (via Great Lakes Protection Fund). (\$59,983). Research Contract.
- 2016-2018. Quantifying and predicting the effects of ecological weed management strategies on organic agroecosystems to inform farmer decision making. National Institute of Food & Agriculture. (\$498,658). Principal investigator.
- 2016-2018. Wildland fire managers' use of fire weather data in strategic and tactical decision making across the United States: a combined fire modeling and social science-based analysis. The Joint Fire Sciences Program. (\$398,984). Co-investigator.
- 2014-2019. Evaluating the 4R nutrient stewardship concept and certification program assessment in the Western Lake Erie Basin. International Plant Nutrient Institute. (\$1,497,744). Co-investigator.
- 2014-2015. Cost benefit analysis of the 4R nutrient stewardship certification program in the Western Lake Erie Basin. The Nature Conservancy. (\$100,000). Co-investigator.
- 2011 - 2016. CNH: Co evolution of upstream human behavior and downstream ecosystem services in a changing climate. National Science Foundation Coupled Human and Natural Systems. (\$1,499,995.00) Co-Principal Investigator.
- 2014 -2015. Integrating One Health and Coupled Systems approaches to target rabies risk mitigation efforts among high-risk youth populations in northern Gondar, Ethiopia. The Behavioral Decision Making Initiative. (\$1,900). Co-investigator (with PhD student).
2013. OSU-Ethiopia Outreach and Needs Assessment on Rabies Elimination: 'One Health' Prototype for Zoonotic Diseases Control. The Ohio State University Outreach Engagement Grant. (\$30,000.00). Collaborator.

- 2008 - 2013. Designing effective land management policies for the 21st century Ohio River Basin: Managing the carbon and nutrient cycles to maintain and restore water quantity and quality. The Ohio State University Climate Water and Carbon Targeted Investment in Excellence. (\$1,299,911.00) Principal Investigator.
- 2011 - 2013. Understanding the role of risk perception and risk attitudes in shaping public response during a wildfire. USDA Forest Service. (\$25,657.00) Principal Investigator.
- 2012 - 2013. Doctoral Dissertation Research in DRMS: Integrating construal level theory into risk communication. National Science Foundation Decision, Risk and Management Science. (\$11,108.00) Principal Investigator.
- 2008 - 2012. Designing watershed-based education and extension efforts through a mental models research approach. USDA Cooperative State Research Education & Extension Service National Integrated Water Quality Program. (\$390,000.00) Principal Investigator.
- 2008 - 2009. Assessing the impact of positive and negative outcomes on the acceptability of wildfire management strategies among USFS personnel. USDA Forest Service. (\$39,377.00) Principal Investigator.
- 2011 - 2014. Restoring landscapes in the context of environmental change: a mental models analysis. USDA Forest Service. (\$92,837.00) Co-Principal Investigator.
- 2009 - 2013. Mental models and participatory research to redesign extension programming for organic weed management. US Department of Agriculture Cooperative State Research, Education and Extension Service Organic Agriculture Research and Extension Initiative. (\$2,252,008.00) Co-Principal Investigator.
- 2010 - 2012. Fire-science network and delivery system for fire-dependent ecosystems of the northern Lake States. US Fish and Wildlife Service Joint Fire Sciences Program. (\$397,827.00) Co-Principal Investigator.
- 2007 - 2011. Minimizing microbial food safety hazards of fresh and fresh-cut fruits and vegetables. US Department of Agriculture Cooperative State Research, Education and Extension Service National Integrated Food Safety Initiative. (\$2,500,000.00) Co-Principal Investigator.
- 2009 - 2011. Fuel treatments in mixed-pine forests in the Great Lakes Region: A comprehensive guide to planning and implementation. US Fish and Wildlife Service Joint Fire Sciences Program. (\$151,363.00) Co-Principal Investigator.
- 2010 - 2010. Building environmental public health literacy with an urban community: A pilot study. OSU Center for Clinical and Translational Science Community Engagement in Health-related Research Program. (\$29,994.00) Co-Principal Investigator.
- 2008 - 2010. Engaging the public health system in reducing the societal carbon footprint. The Ohio State University Climate Water Carbon and Public Health Preparedness and Infectious Disease Targeted Investments in Excellence Programs. (\$100,000.00) Co-Principal Investigator.
- 2009 - 2010. Developing a fire science network and delivery system for the northern Lake States. US Fish and Wildlife Service Joint Fire Sciences Program. (\$20,079.00) Co-Principal Investigator.
- 2005 - 2008. Restoration-based fuel reduction recommendations for mixed-pine forests of upper Michigan. US Fish and Wildlife Service Joint Fire Sciences Program. (\$299,411.00) Co-Principal Investigator.
- 2005 - 2006. Doctoral Dissertation Research in Decision Risk and Management Science: Revisiting prospect theory under conditions of chronic loss and the attribution of value. National Science Foundation. (\$19,000.00) Co-investigator.

### **e. Synergistic Activities**

- i. **Reviewer:** Reviewer for both disciplinary (e.g., Journal of Risk Research; Risk Analysis; Environment & Behavior; Environmental Communication; Science Communication; Society and Natural Resources; Journal of Environmental Psychology) and interdisciplinary journal outlets (e.g., Proceedings of the National Academy of Sciences; Environmental Research Letters; Plos One; Water Resources Research; Climatic Change; Climate Policy), as well as competitive grants programs (e.g., National Science Foundation, Environmental Protection Agency). Served a three-year term on the NSF Decision Risk and Management Science Review Panel (2020 to 2022); Served as Guest Editor for special issues in Decision Analysis (Environmental Sustainability) and Frontiers in Climate (Climate Decision Making by Forest, Farm and Range Landowners).
- ii. **Member:** Science Communication Editorial Board; Environment, Systems & Decisions Editorial Board; Risk Analysis Editorial Board; Journal of Risk Research Editorial Board; Soil and Water Conservation Society Editorial Board; Journal of Environmental Quality Editorial Board; US EPA Board of Scientific Counselors Social and Community Science Subcommittee (Co-Chair, 2022-2025); Society for Risk Analysis (2002 to present; past Councilor, past President 2020 to 2023); Soil and Water Conservation Society; Foundation for Food and Agricultural Research (FFAR) Workshop on “Advancing Outreach Effectiveness to Improve Conservation Practice Adoption” Steering Committee (2021 to 2022); National Academies’ (NASEM) Environmental Health Matters Initiative “Reducing the Health Impacts of the Nitrogen Problem” Workshop Committee (2021 to 2022); National Academies’ (NASEM) “Integrating the Human Sciences to Scale Societal Responses to Environmental Change” Workshop Committee Chair (2022 to 2023); National Academies Resilient America Roundtable (2020-2022); National Academies Board on Environmental Change and Society (2016-2021); International Joint Commission Great Lakes Water Quality Board (2013-2015); US EPA Chartered Science Advisory Board (2015-2017); National Socio-Ecological Synthesis Center Projects (Foundations Group on Ecological vs. Political Time Scales for Expected Outcomes to Restoration; Thematic Pursuit on Advancing Behavioral Models of Private Land Stewardship to Improve Environmental Policy; Thematic Pursuit on Risk Perception in Provision of Aquatic Ecosystem Services; Ventures Group on ESA Decision Making).
- iii. **University and Community Service:**

*Unit:* Associate Director of Research and Graduate Education (2022 – present). Research Committee Chair (2023 – present). Former member of the Research Committee; Fellowship Committee (past Chair); Director Search Committee; Research, Promotion & Tenure Oversight Committee; and Academic Affairs Committee (past Chair). Former Environmental and Social Sustainability (ESS) Lab Director.

*College:* Former Strategic Alignment for Research Success (STARS) Mentor (2022). Former member of the FAES Environmental Fellowship Selection Committee and the Faculty Advisory Council (former Chair).

*University:* Research Integrity Standing Committee (2023 – present); Member of the Sustainability Institute Faculty Advisory Board (2015-2023, current mentor to 3 faculty); President and Provost’s Council on Sustainability (2018 to 2023); Postdoctoral Advisory Council (2021 to 2023); and Climate Change Curriculum Steering Committee (2022 to 2023).

*Profession:* Michigan Western Lake Erie Basin Social Science Expert Panel (2025). Scientific Program Committee of the ESREL-SRAE Conference (2025). Growing Outreach Conference Advisory Committee (2024). Chair of the Governance Committee of the Society for Risk Analysis (2022-2025). Past President of the Society for Risk Analysis (2020 – 2022). Past Chair of the Society for Risk Analysis Risk Communication Specialty Group.

- iv. **Undergraduate and Graduate Education:** Instructor of The Psychology of Environmental Problems (ENR 3400); Communicating Environmental Risk (ENR 7400); and Environment, Risk and Decision Making (ENR 7150). Advisor for 10-15 Environmental Policy and Decision Making undergraduate majors per year; and 15 MS students, 7 PhD students, 6 Post-doctoral Researchers, and 9 Honors students to date. Member of dozens of graduate research committees.
- v. **Awards and Recognition:** Erskine Fellow at the University of Canterbury, Christchurch New Zealand (2025). Best Reviewer for the journal Risk Analysis (2024). Best Paper honorable mention for the Journal of Soil and Water Conservation (2023). Top Downloaded Paper in Risk Analysis (2020). CFAES Multi-disciplinary Team Award (2019). President and Provost's Leadership Institute (2019-2020). Society for Risk Analysis Chauncey Starr Young Risk Analyst Award (2017). Union of Concerned Scientists Science Defender (2017). CFAES Leadership Program (2017). Award for Extraordinary Efforts in Mentoring, 26th Annual Faculty and Staff Recognition Reception for Mortar Board Senior Honor Society and Sphinx Senior Class Honorary (2015). Best Reviewer Award, Risk Analysis Journal, Society for Risk Analysis (2015). OARDC Multi-disciplinary Team Research Award, Ohio Agricultural Research and Development Center, The Ohio State University (2013).

**f. Post-doctoral Advising**

- 2021 – 2023. Carrie Shaffer-Morrison. Current position: Lecturer University of Essex.
- 2019 – 2021. Hugh Walpole. Current position: Senior Research Scientist, University at Albany.
- 2018 – 2019. Mary Doidge. Current position: Assistant Professor at McGill University, Department of Natural Resources Sciences.
- 2018 – 2019. Atar Herziger (SI Behavioral Post-doc). Current position: Assistant Professor at Technion University, Department of Industrial Engineering and Management.
- 2016 – 2017. Douglas Bessette. Current position: Associate Professor at Michigan State University, Department of Community Sustainability.
- 2008 – 2011. Deborah Hersha. Current position: Instructor at Spring Arbor University and Missional University.

**f.ii. Doctoral Advising**

- 2024 – present. Heather Craska. Farmer networks.
- 2021 – present. Naseem Dillman-Hasso. Behavioral persistence.
- 2017– 2022. Claire Rapp. Current Position: Program Manager, Collaborative Decision Support, Colorado Forest Restoration Institute, Colorado State University.
- 2017 – 2020. Maggie Beetstra. Current Position: Fairfax County, Virginia, Office of Environmental and Energy Coordination.
- 2017 – 2019. Emily Walpole. Current Position: Researcher, Environmental Decision Analytics Branch of the Center for Environmental Solutions and Emergency Response (CESAR), within the US EPA Office of Research and Development.
- 2016 – 2019. Hugh Walpole. Current Position: Senior Research Scientist, University at Albany.
- 2011 – 2016. Kristina Slagle. Current Position: Researcher and Lecturer, The Ohio State University.
- 2009 – 2014. Adam Zwickle. Current Position: Associate Professor, Michigan State University Department of Community Sustainability.

### **f.iii. Masters Advising**

- 2024 – present. Maliha Muhtasim (MS). Farmer decision making.
- 2023 – present. Rachel Henry (MS). Carnivore conservation and hazard acceptance.
- 2022 – 2024. Azmiri Jalil (MS). Effective of peer-to-peer learning networks for farmer engagement in conservation.
- 2021 – 2023. Gillian Chesnut (MS). The role of industrialization on conservation in Midwest US agriculture. Current position: Programs Associate, Delta Institute.
- 2019 – 2021. Cole Soldo (MS). Constructed wetland adoption in agriculture. Current position: Conservation Outreach Coordinator, Conservation Biology Institute.
- 2019 – 2021. Shelby Taber (MS). Water quality perception accuracy. Current position: Natural Resources Manager, Upper Guadalupe River Authority.
- 2018 – 2020. Elizabeth Schwab (MS ESGP Co-advised with Dr. Margaret Kalcic). Maumee river watershed farmers' perceptions of nutrient loss risk. Current position: Research Scientist, Iowa State University.
- 2014 – 2016. Hugh Walpole (MS). Why stay? Why go? An examination of attitudes towards risk in wildfire evacuation. Current position: Senior Research Scientist, University at Albany.
- 2014 – 2015. Brooke Roman (MENR). Campus sustainability behavior. Current position: Program Director, Earth Share.
- 2012 – 2014. Elizabeth Burnett (MS). The influence of farmer stress and hardiness on adoption of best management practices in the Maumee watershed. Current position: Fiction writer.
- 2010 – 2012. Tara Ritter (MS). Developing a model of farmer nutrient management behavior. Current position: Director of Finance and Administration, Growing GRASS, USDA Climate Smart Commodities Project.
- 2010 – 2011. Sarah Zwickle (MS). Understanding weeds and organic weed management: A mental models approach. Current position: Science writer.
- 2010 – 2011. Gina Hnytka (MENR). Social risk perceptions, attitudes, and farmer integrated weed management decisions: An analysis. Current position: Sustainability Institute staff.
- 2009 – 2011. Josh Ferry (MS). Phosphorus management in the agroecosystem: A mental models analysis of knowledge and perceived risk. Current Position: Environmental Scientist 1/Risk Assessor for Arcadis U.S., Inc.
- 2008 – 2010. Timothy Ascher (MS). Factors influencing support for prescribed burning and mechanical thinning among wildland-urban interface residents in the Lake Tahoe Basin. Current Position: Owner of small business and arborist in Columbus, OH.
- 2008 – 2010. Kristina Slagle (MS). Hispanics and parks: Managing for human diversity. Current Position: Post-doctoral researcher and OSU ESS Lab Manager.

### **f.iv. Honors Advising**

- 2021 – 2022. Aurora Ellis (Research with Distinction).
- 2017 – 2020. Callia Tellez (Research with Distinction, Udall Scholar). Overcoming barriers to government program participation for interested farmers.
- 2017 – 2018. Emma Tippet (Research with Distinction). Behavioral spillover in health and environmental contexts.

- 2015 – 2018. Olivia Carros. Promoting cover crop adoption to improve water quality in agricultural landscapes. Recipient of Honors Proposal Scholarship & Honors and Scholars Enrichment Grant.
- 2013 – 2015. Katherine Connolly. Modeling climate mitigation behavior. Recipient of Honors Proposal Scholarship.
- 2013 – 2015. Miranda McClendon. Climate change communication.
- 2013 – 2014. Karam Sheban. Understanding environmental behaviors: A modification of value-belief-norm theory applied to nutrient management decisions in the Maumee watershed. Recipient of Honors Proposal Scholarship.
- 2010 – 2012. Katie Waller. Understanding nursing directors' attitudes, beliefs and knowledge about climate change and predicted human health impacts.
- 2008 – 2010. Sana Syal, The role of public health agencies in addressing climate change as a human health concern.
