SEN R UNDERGRADUATE NEWS

November 13, 2016

Only 3.5 weeks left in the semester!

AU16 is rapidly coming to a close. Before you get wrapped up in finals, take time to get your academic affairs in order, so that you'll be prepared for what's next.

Freshmen:

- Make sure to schedule classes as soon as your enrollment appointment opens (if you haven't already). Use your 2-year plans from Survey and the Curriculum Roadmaps as your guide.

Sophomores:

- Have you declared your specialization yet? Declaring a specialization is what triggers assignment of your faculty mentor. You'll want to start building that relationship as soon as possible, because faculty mentors are a great resource for you as you delve deeper into your major.

Juniors:

- You are nearing your senior year. Use your degree audit to determine which requirements you have left to fulfill. Check your Curriculum Roadmap to make sure the remaining courses will be offered when you need them.
- Are you planning to graduate after next Autumn? You MUST APPLY. The deadline to apply for AU17 graduation is Friday, January 13th, 2017.

Seniors:

- If you are registered to graduate this semester, you should have already received commencement information (including your line number) from Renee Johnston. If you have other questions about the ceremony, visit commencement.osu.edu.
- If you are registered to graduate in spring, that means you have already submitted a graduation application (it was due August 26), and received a graduation audit letter via email. Reference your audit letter to determine if you have properly fulfilled all remaining requirements for your degree.

EVERYONE:

- Make it a habit to check your OSU email EVERYDAY. Email is our (and the University's) primary method of communication with you. We will not accept "I didn't read the email" as an excuse for missing important deadlines!

Still need help? Come talk to an advisor! Call 614-292-2265 to schedule your appointment.
**Have a great TA?**
