## It's Scheduling Time

Have you determined what classes to take Spring 2019 yet? SP19 scheduling officially begins this week and continues through mid-November in decreasing rank order. Will YOU be ready when it's your turn? Here are 5 steps to help you prepare:

1. **Know your enrollment appointment!**

The Registrar assigns enrollment appointments to all Ohio State students based on a combination of rank and special status. When your appointment has been assigned, you will receive an email from the Registrar and the details will appear on your [My Buckeyelink](#).

2. **Do the Financial Responsibility Statement**

ALL Ohio State students are required to complete the Bursar's Financial Responsibility Statement before scheduling classes. A hold will be placed on your account until you do this. Go to your [My Buckeyelink](#) "To Do" box to complete the statement.

3. **Run a Degree Audit**

The degree audit, accessed through [Buckeyelink](#), will help you determine remaining course requirements.

4. **Download Degree Planning Tools**

There are several resources available on the [SENR website](#) to help you plan your schedule: curriculum guides, roadmaps, a [list of important course offering changes](#), and more! Use these tools in conjunction with your degree audit to determine the courses you need for SP19...and beyond!

5. **Check those prereq's!**

Use the [University course catalog](#) and/or SP19 Schedule of Classes (both accessible on [Buckeyelink](#)) to verify that you meet all the pre-requisites for the courses you plan to take—you don't want surprises once your window opens!

6. **Use Schedule Planner**

Set up and view your planned schedule in Schedule Planner, a helpful website you can access through your [My Buckeyelink](#). When you find a schedule you like, save it and have it ready when your window opens!

Still need help? Come talk to an advisor! Call **614-292-2265** to schedule your appointment.

## American Association of University Women Start Smart at Ohio State University - Salary Negotiation Workshop

**Wed, October 24, 2018, 5:30 PM – 7:30 PM EDT** Page Hall, First Floor

Women working full time in the United States typically are paid just 80 percent of what men are paid, a gap of 20 percent — and it's even wider for black women, Latinas, and Native women.

Attend this FREE two-hour salary negotiation workshop to learn how to confidently and successfully negotiate your salary and benefits packages. In this workshop, you'll gain confidence in your negotiation style through facilitated discussion and role-playing and learn

- How to identify and articulate your personal value
- How to develop an arsenal of persuasive responses and other strategies to use when negotiating
- How to conduct objective market research to benchmark a target salary and benefits
- About the wage gap, including its long-term consequences

You will also have an opportunity to practice your negotiation.
