## Graduating in the 2018-2019 academic year? Mark your calendar to attend the Capstone Fair!

**Wednesday, March 7<sup>th</sup> at 5:20 pm in 104 Kottman**

Students majoring in Environmental Science; Environmental Policy & Decision Making; Forestry, Fisheries, & Wildlife; or Natural Resource Management that are planning to graduate in the 2018-2019 school year should be taking their senior capstone class, ENR 4900.01 or 4900.02, during the coming academic year, as close to the end of their program as possible. The capstone fair is an opportunity to hear the faculty teaching the capstone sections for the coming year talk about the projects their

class will be taking on. Hearing from them and asking them questions will help you to choose the section that best fits your interests.

*EEDS students should not attend this fair, as your capstone will not be covered.*

## SENR Courses offered During the Summer

### Stone Lab Offerings

[ENR 2360](#) - Ecology and Conservation of Birds

[ENR 3280](#) - Water Quality Management

### Online Offerings

[ENR 3300](#) - Introduction to Forestry, Fisheries, and Wildlife

### Columbus Offering

[ENR 4900.02](#) - Environment and Natural Resources Management for Forestry Fisheries and Wildlife

**Summer scheduling can be very confusing for students. Here are some things to keep in mind:**

1. Summer is a "term" rather than a full semester - it is only 12 weeks instead of a full 15.
2. The university offers courses in four distinct patterns. This means that each course carries with it a different expectation for how much weekly work will be necessary to perform well. See [this handy graphic](#) for details.
3. Students may need to use [advanced search](#) features to find courses that fit their needs.
4. For Summer 2018, instructional fees, for Columbus campus undergraduates will be discounted by 25%.
5. For more information check out the [Registrar's "Tuition and Fees" site](#).

## Dates & Deadlines

Date

Spring Break -- no classes, offices open

March 12 - March 16

Last day to drop a course (via Change Ticket Form, will receive a 'W')

Friday, March 23

*Check the University Registrar's website for more detailed list of important academic dates and deadlines.*

## Share your SENR Memories!

Help us take a walk down Memory Lane as we celebrate SENR's 50<sup>th</sup> Anniversary this year!

Do you have photos from a memorable study abroad trip or want to share a story about an experience that made a difference to you?

We want to hear all of your SENR memories. Submit your photos and memories at

<https://senr.osu.edu/memories> to help us celebrate the moments that have made the School what it is today. Thanks for sharing!

## Your Input is Requested!

Students in ENR 4900.01 are developing plans to restore the landscape around

Kottman and Plumb halls and would like your input.

<https://docs.google.com/forms/d/e/1FAIpQLSezx5Fy8e9vuGkIWd8RN4uvKyEat-9K2oPHHtGk59m72jfcMg/viewform?c=0&w=1>

## Scholarship Opportunities

### Outdoor Writers of Ohio

The group has six distinct scholarships ranging in amounts from \$1,000-\$1,500. Deadline to apply is Sunday, April 1, 2018. For application information, please click [here](#).

## Internships in Cuyahoga Valley National Park

Cuyahoga Valley National Park (CVNP) and its nonprofit friends group, the Conservancy for Cuyahoga Valley National Park, have numerous **summer internships** to offer. CVNP has a variety of opportunities within many park divisions.

Located between Cleveland and Akron, CVNP enables college students to apply classroom learning and gain hands-on experience in a unique work environment. Check out the **current internship** postings here:

<https://www.nps.gov/cuva/getinvolved/supportyourpark/internships.htm>.

Also, consider joining us for our annual **Alternative Spring Break Weekend**, March 23 – March 25. Program features include: volunteer service projects, networking, ranger guided hikes, campfires, and recreational activities. Lodging and meals will be provided at the Cuyahoga Valley Environmental Education Center. For more information: <https://www.conservancyforcvnp.org/event/alternative-spring-break/>.

## Undergraduate Research Opportunity...in Peru

Entomology PhD student Yvan A. Delgado de la Flor is looking for undergraduate students to be short-term research assistants on a project in the highlands of Peru to collect spiders over a two week time period over the summer. This is a great opportunity to explore the Peruvian Andes and the local rainforest. For more information and to apply please see Yvan's flyer [here](#).

Don't hesitate to [contact us](#) if you have questions.
