- CICO
- CD3 station
- Watered Boat Washing Stations Guidance

Aquatic Invasive Species Landing Blitz

June 26th-July 6th

- Aquatic Invaders
- Clean Boating Checks
- Kayaking programs

New signage

Old Style

STOP AQUATIC HITCHHIKERS!
Prevent the transport of nuisance species.
Clean all recreational equipment.
www.ProtectYourWaters.net

Before launching and before leaving:
CLEAN, DRAIN, DRY!
Check your boat for aquatic invasive species:

- Remove mud, plants, fish and animals
- Eliminate water from equipment (e.g., bilge and live wells)
- Clean and dry anything that contacted water
- Never release plants, fish or animals (including bait) unless they came out of that body of water

New Style

STOP AQUATIC HITCHHIKERS!
Be A Good Steward. Clean, Drain, Dry.
StopAquaticHitchhikers.org

Before launching and before leaving:
CLEAN YOUR KAYAKS!

REMEMBER TO CHECK these places

LEARN MORE about invasive species and report sightings.

- CLEAN** off plants, animals and mud
- DRAIN** water from equipment
- DRY** anything that came in contact with water
- NEVER** dump bait, or any other organism into the water
