\* Upon receipt of this form, the Graduate Studies Committee chair will coordinate with your advisor to select the ENRGP Representative to the Advisory/Examination Committee (in addition to the required three members) who will be present until the Candidacy Exam. This person must be a member of the Environment and Natural Resources graduate faculty and shall be a full, voting member of the student's Advisory/Examination Committee. The Program Representative should be a faculty member who can contribute to the student's research, but also remain objective and insure that graduate program and Graduate School rules and procedures are adhered to as the student prepares for candidacy. See the ENRGP Handbook section 3.7 for more information.
