Seasonal Position
ODNR Division of Wildlife
Position: Conservation Worker

Duration: as early as April 17th – as late as November 25th, 2017
Duties: Assist with Ohio River Asian Carp monitoring and assessment with the USFWS and in cooperation with the KDFWR, WVDNR, and ODNR, Division of Wildlife. This individual will also assist District 5 Fish Management with ongoing fish/creel survey work in southwest Ohio.

Qualifications: Familiar with use/operation of fish survey equipment, identifying sport fish, performing area (use of tractor, lawn care equipment) and general maintenance work (use of hand/power tools, etc.). Ability to communicate with the public, willingness to work outdoors in inclement weather, and knowledge of boat operations is a must; interest in fishing, conservation, or fisheries management. The individual hired will be required to complete a watercraft operator’s proficiency examination approved by the Ohio Division of Watercraft, or show proof of having already completed either a National Association of State Boating Law Administrators boating course, or a proficiency examination approved by the Ohio Division of Watercraft. Able to swim. Valid Ohio driver’s license.

Hours: may vary from 20 to 40 hrs./week; some weekends.
Pay Rate: $13.78/hr.
