SCHOOL OF ENVIRONMENT AND NATURAL RESOURCES

Undergraduate Research Small Grant Application

Please submit completed application to Dr. Lauren Pintor via email (pintor.6@osu.edu).

Eligibility: To be eligible, you must be currently enrolled in a major program in the School of Environment & Natural Resources at The Ohio State University (Columbus campus).

Name: ____________________________________________  OSU email: ________________________________

Major: ____________________________________________  Rank/Year: ______________________________

Faculty Advisor Name: ____________________________________________

Project Title: ____________________________________________

Please attach the following to this application form:

1. A two-page, double-spaced (11-pt font minimum) Project Description and Overview of Student Project Responsibilities. The project description must provide an overview of the project you will be working on and describe your role(s) and responsibility(ies) on the research project.

2. Description of Current and Pending Research Funding Support. We ask that you list any funding sources that you have applied to and/or have been awarded and accepted for your project (e.g. OARDC SEEDS, OUR&CI Undergraduate Research Apprentice Program). This is not included in the 2-page project description.

3. A budget justification including a description of how the grant will be used and the estimated costs. This is not included in the 2-page project description. Grant cannot be used to support salary or wages. Maximum award amount is equal to $500.

Applications must be compiled into a single PDF document.

I, the undersigned student, understand that the SENR Undergraduate Research Small Grant Award must be applied toward the project indicated in the attached statement and budget.

Student Signature: ________________________________  Date: ________________________________

I, the undersigned faculty member, approve the student's Project Statement and budget and recommend the award of the School of Environment and Natural Resources funds to facilitate completion of the project.

Faculty Signature: ________________________________  Date: ________________________________
