† If you took ENR 3700 before AU16, it was only worth 2 credit hours; you must take an additional hour of Directed Electives, totaling 0-6 hours, to reach the 121-hour degree minimum.

♣ Plan to overlap the GE Diversity requirement with courses in the GE Social Science and/or GE Humanities courses: Of the five courses in these categories, one course should also meet the Social Diversity in the US (dot) requirement, and two courses should also meet the Global Studies (triangle) requirement. Not overlapping the three GE Diversity requirements with the other GE categories means you will need to take additional courses in order to graduate.

Degree Total: 121 hours

Revised: 8/10/2018

Entering as a transfer student:

Students joining the major as a new transfer student or transferring from another OSU major will need to modify the curriculum roadmap to meet their needs. Courses to focus on during the first year in the major include:

1st Semester: **ENR 2100, MATH 1151/1156, and CHEM 1210**
 2nd Semester: **CHEM 1220, and BIOLOGY 1113**
