¥ Plan to overlap the GE Diversity requirement with courses in the GE Social Science and/or GE Humanities courses: Of the five courses in these categories, one course should also meet the Social Diversity in the US (dot) requirement, and two courses should also meet the Global Studies (triangle) requirement. Not overlapping the three GE Diversity requirements with the other GE categories means you will need to take additional courses in order to graduate.

Entering as a transfer student:

Students joining the major as a new transfer student or transferring from another OSU major will need to modify the curriculum roadmap to meet their needs. Courses to focus on during the first year in the major include:

- 1st Semester: **ENR 2100, MATH 1156, and CHEM 1210**
 2nd Semester: **ENR 3300, CHEM 1220, and BIOLOGY 1113**

Note on courses in the major:

Courses in year 3 and 4 should not be taken earlier unless you have discussed with your faculty mentor. Your coursework in year 1 and 2 are foundational and will prepare you for the major courses.

*** Forest Ecosystem Science & Management
 Specilization Courses**

Earn 14-15 credit hours with Elective Courses 2000 and above that support major with advisor consent (soils, recreation, wildlife, geo-spatial analysis, etc.)
