*see other side

Plan to overlap the GE Diversity requirement with courses in the GE Social Science and/or GE Humanities courses: Of the five courses in these categories, one course should also meet the Social Diversity in the US (dot) requirement, and two courses should also meet the Global Studies (triangle) requirement. Not overlapping the three GE Diversity requirements with the other GE categories means you will need to take additional courses in order to graduate.

‡ ENR 4191 is credit earned for summer internships and is usually applied the following fall semester. Registration prior to beginning the internship is required.

ENR 5797 is credit earned for study abroad and is dependent on acceptance into a specific program.

‡ If you took ENR 3700 before AU16, it was only worth 2 credit hours; you may need to take an additional hour (in any category) to reach the 121-hour degree minimum.

Degree Total: 121 credit hours Revised: 1/23/2020

### Entering as a transfer student:

Students joining the major as a new transfer student or transferring from another OSU major will need to modify the curriculum roadmap to meet their needs. Courses to focus on during the first year in the major include:

1st Semester: MATH 1130 or 1148, and ENR/AEDECON 2500
2nd Semester: ENR 2300 and AEDECON 2001

### PLEASE NOTE:

Course offering dates and prerequisites may have changed. For the most up-to-date information, check the University’s online course search and course catalog through BuckeyeLink.

For a personalized report on degree progress, you can run a degree audit. You may access your degree audit through BuckeyeLink.
