	l	<u> </u>	in alternate term, take a GE	L	<u> </u>	J		
	Total Credit Hours	15		Total Credit Hours	15			

¥ Plan to overlap the GE Diversity requirement with courses in the GE Social Science and/or GE Humanities courses: Of the five courses in these categories, one course should also meet the Social Diversity in the US (dot) requirement, and two courses should also meet the Global Studies (triangle) requirement. Not overlapping the three GE Diversity requirements with the other GE categories means you will need to take additional courses in order to graduate.

Degree Total: 122

PLEASE NOTE: course offering dates and prerequisites may have changed. For the most up-to-date information, check the University's online course search and course catalog through BuckeyeLink.

For a **personalized** report on degree progress, you can run a degree audit, which you can access through BuckeyeLink.

Entering as a transfer student:

Students joining the major as a new transfer student or transferring from another OSU major will need to modify the curriculum roadmap to meet their needs. Courses to focus on during the first year in the major include:

1st Semester: ENR 2100, MATH 1151/1156, and CHEM 1210

2nd Semester: ENR 3300 and BIOLOGY 1113

Consult your academic advisor for recommendations based on your transferred courses.

Note on courses in the major:

Courses in year 3 and 4 (especially 5000-level courses) should not be taken earlier unless you have discussed it with your faculty mentor. Your GE and Core courses in years 1 and 2 are foundational and will prepare you for the major courses.

*Forestry & Wildlife Specilization Courses

Take 3 credit hours of Specialization Elective Courses, 2000-level and above, that support the major. Faculty mentor approval is required.

Revised: 9/1/2023
