Entering as a transfer student: Students joining the major as a new transfer student or transferring from another USU major will need to modify the curriculum roadmap to meet their needs. Courses to focus on during the first year in the major include:

1st Semester: ENR 2300, ENR 2100, and MATH 1130 or 1148 2nd Semester: ENR 3400/3500, CHEM 1110, ENR 3300, ENR 2367 <u>PLEASE NOTE</u>: course offering dates and prerequisites may have changed. For the most up-to-date information, check the University's online course search and course catalog through BuckeyeLink.

For a personalized report on degree progress, you can run a degree audit. You may access your degree audit through BuckeyeLink.

[†] Free Electives: 9-13 hours required ‡ If you took ENR 3700 before AU16, it was only worth 2 credit hours; you must take additional hour in Free Electives , totaling 10-15 hours, to reach the 121-hour degree minimum.

[¥] Plan to overlap the GE Diversity requirement with courses in the GE Social Science and/or GE Humanities courses: Of the five courses in these categories, one course should also meet the Social Diversity in the US (dot) requirement, and two courses should also meet the Global Studies (triangle) requirement. Not overlapping the three GE Diversity requirements with the other GE categories means you will need to take additional courses in order to graduate.
