Ohio Woodland Stewards Program

Friday’s ESCAPE TO THE FOREST

Take a break to relax and visit the woods with us...

On Fridays our webinars will provide information on Ohio’s woodlands, wildlife, invasive species, management recommendations and more!

WEBINAR
Friday April 22\textsuperscript{nd} @ 10 - 12:00 pm

The Top 15 Trees for the Landscape

Join Secrest Arboretum Curator Jason Veil as we celebrate Earth Day and Arbor Day. Trees are the verdant backbone of our forests, landscapes, and neighborhoods. Botanical gardens like Secrest Arboretum exist to conserve and showcase their amazing diversity. Those exhibiting a useful combination of ecological value, ornamental beauty, and cultural sustainability deserve our attention and admiration.
