

# The Quest: The Future of Energy

## Dr. Daniel Yergin

CNBC's Global Energy Expert

Pulitzer Prize-winning Author

The Ohio State Office of Energy and Environment is pleased to welcome global energy expert Dr. Daniel Yergin to Ohio State for a discussion on energy with students.

**Tuesday April 2, 10:00 am**  
**U.S. Bank Conference Theater**  
**The Ohio Union at The Ohio State University**  
**1739 N. High Street, Columbus, OH**

Respected around the world as a leading energy scholar and energy expert, Yergin has served as an advisor and analyst on energy-related topics including energy security, unconventional oil and gas development—like shale gas and tight oil—energy markets, and climate change. He received the Pulitzer Prize for his book *The Prize*, which became a best-seller and a PBS and BBC television series. Daniel Yergin's new book, *The Quest*, is a sweeping history of the energies—from oil and gas to solar and wind—that animate the modern world, and a riveting story of where we are today, and what the future of energy—and our world—might look like.
