

## School of Environment and Natural Resources

# Nestlé R&D- Safety, Health and Environment Intern

**Sofia Mendez**

### BACKGROUND

**Agency:** Nestlé R&D

**Location:** Marysville, Ohio

**Duration:** June 2022 - Present

#### Mission Statement:

Nestlé's mission of *"Good Food, Good Life"* is to provide consumers with the best tasting, most nutritious choices in a wide range of food and beverage categories and eating occasions, from morning to night.

#### How I Found the Job:

- Google Job Alerts
- Applied Directly on Nestlé Early Careers Webpage

Image of present-day Marysville Nestlé R&D Center

#### Site Specific Facts:

- Once the largest milk producing plant in the U.S.
- In 2018, the site became a fully dedicated lead center for liquid coffee and creamers
- NDC Marysville supports all 5 of Nestlé's key coffee brands

Key Coffee Brands the Facility supports in R&D functions

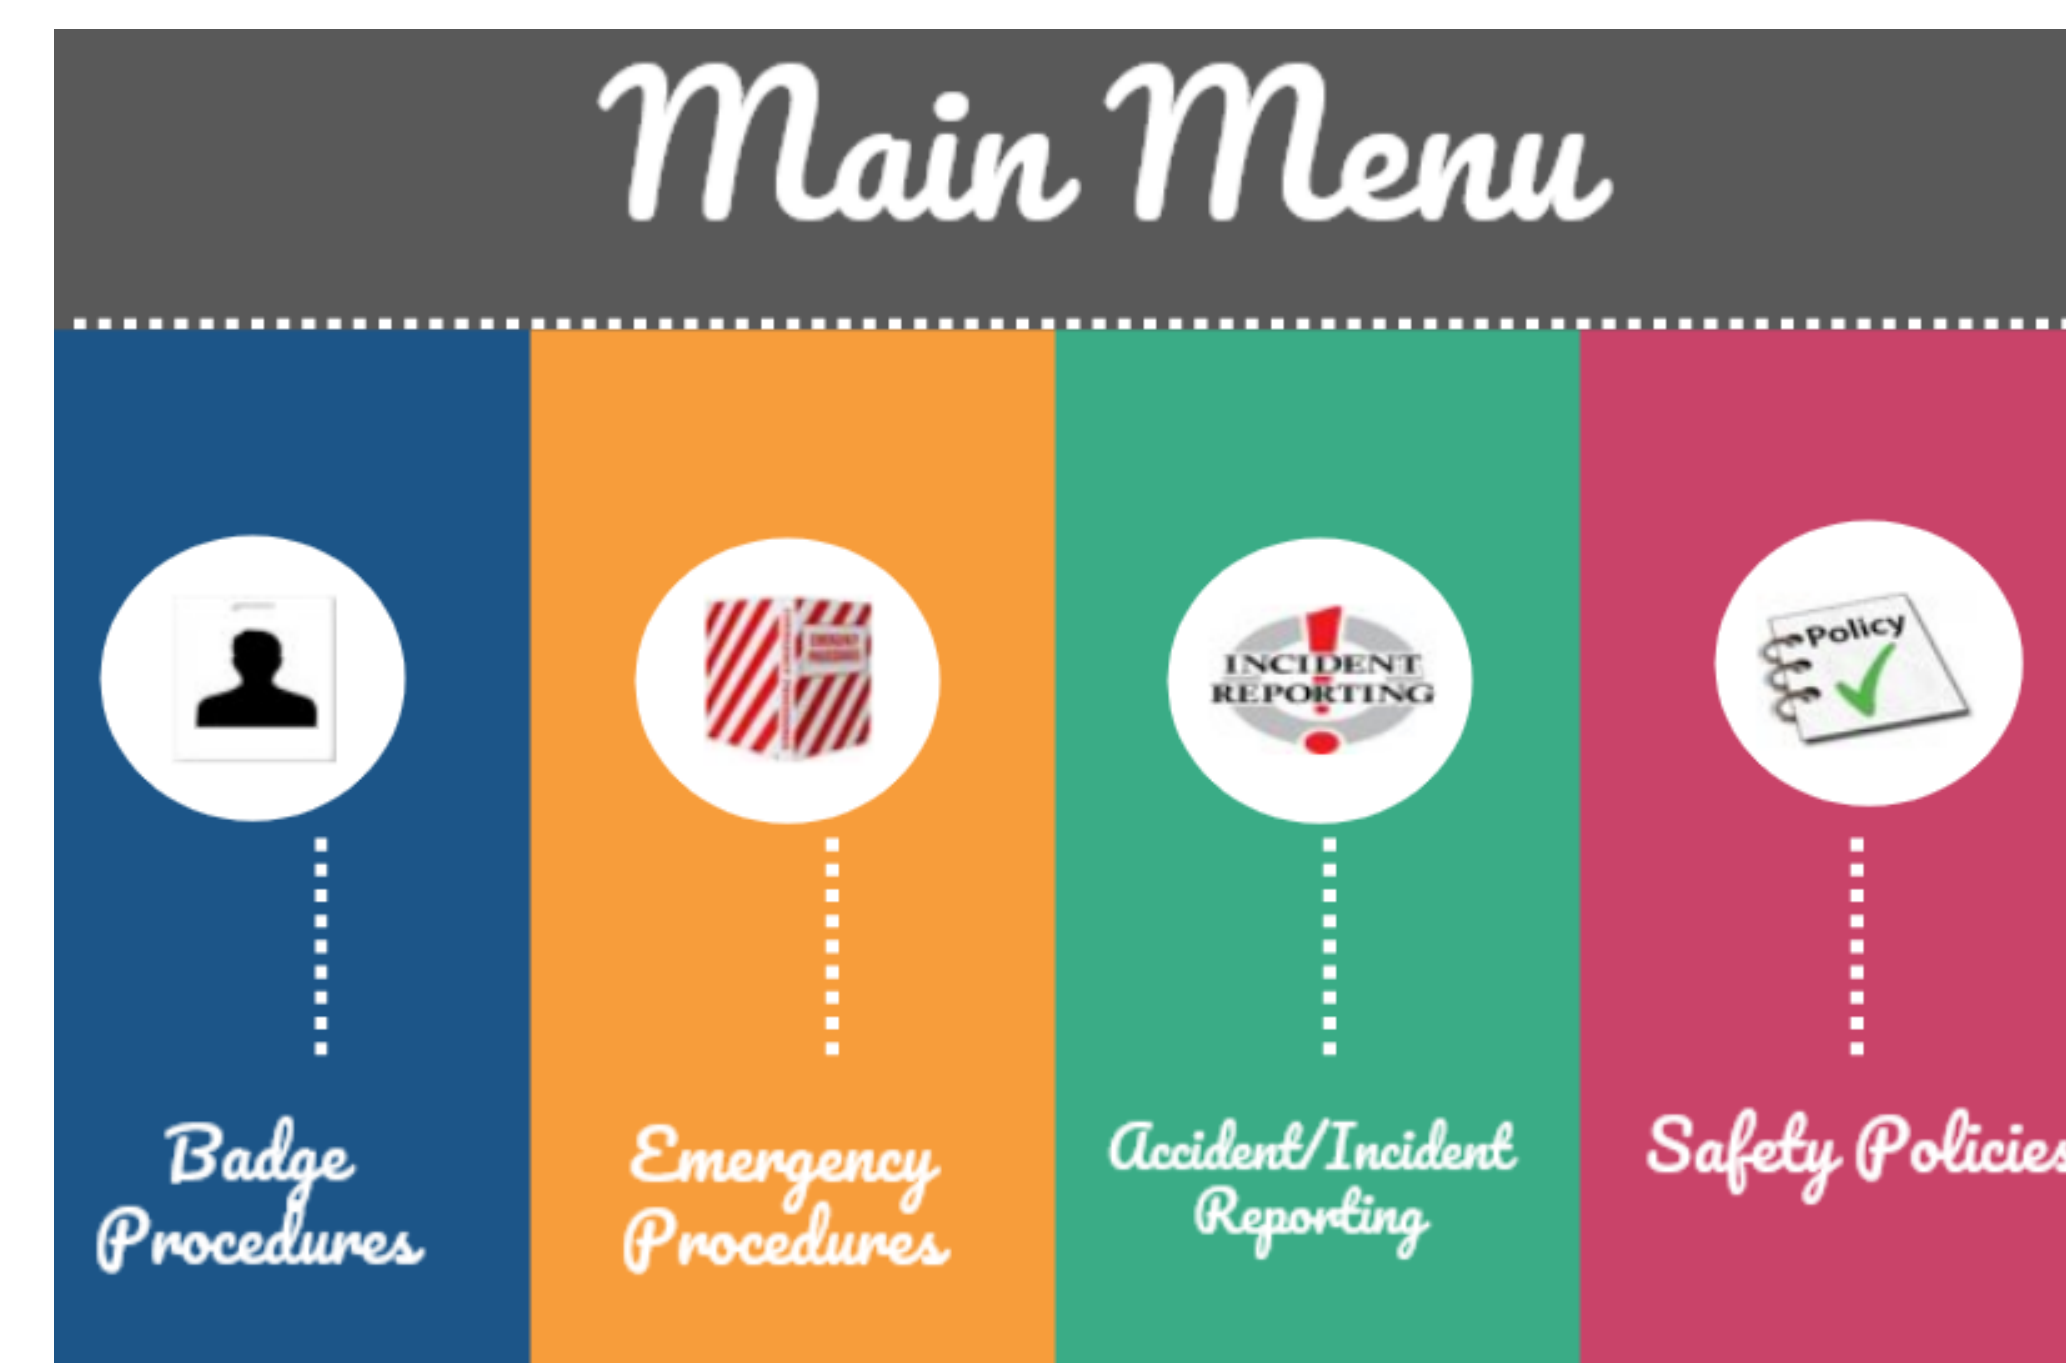

### ON THE JOB

My everyday PPE- steel toed shoes, safety glasses, earplugs, hairnet and LOTO tags/locks

#### Main/Frequent duties:

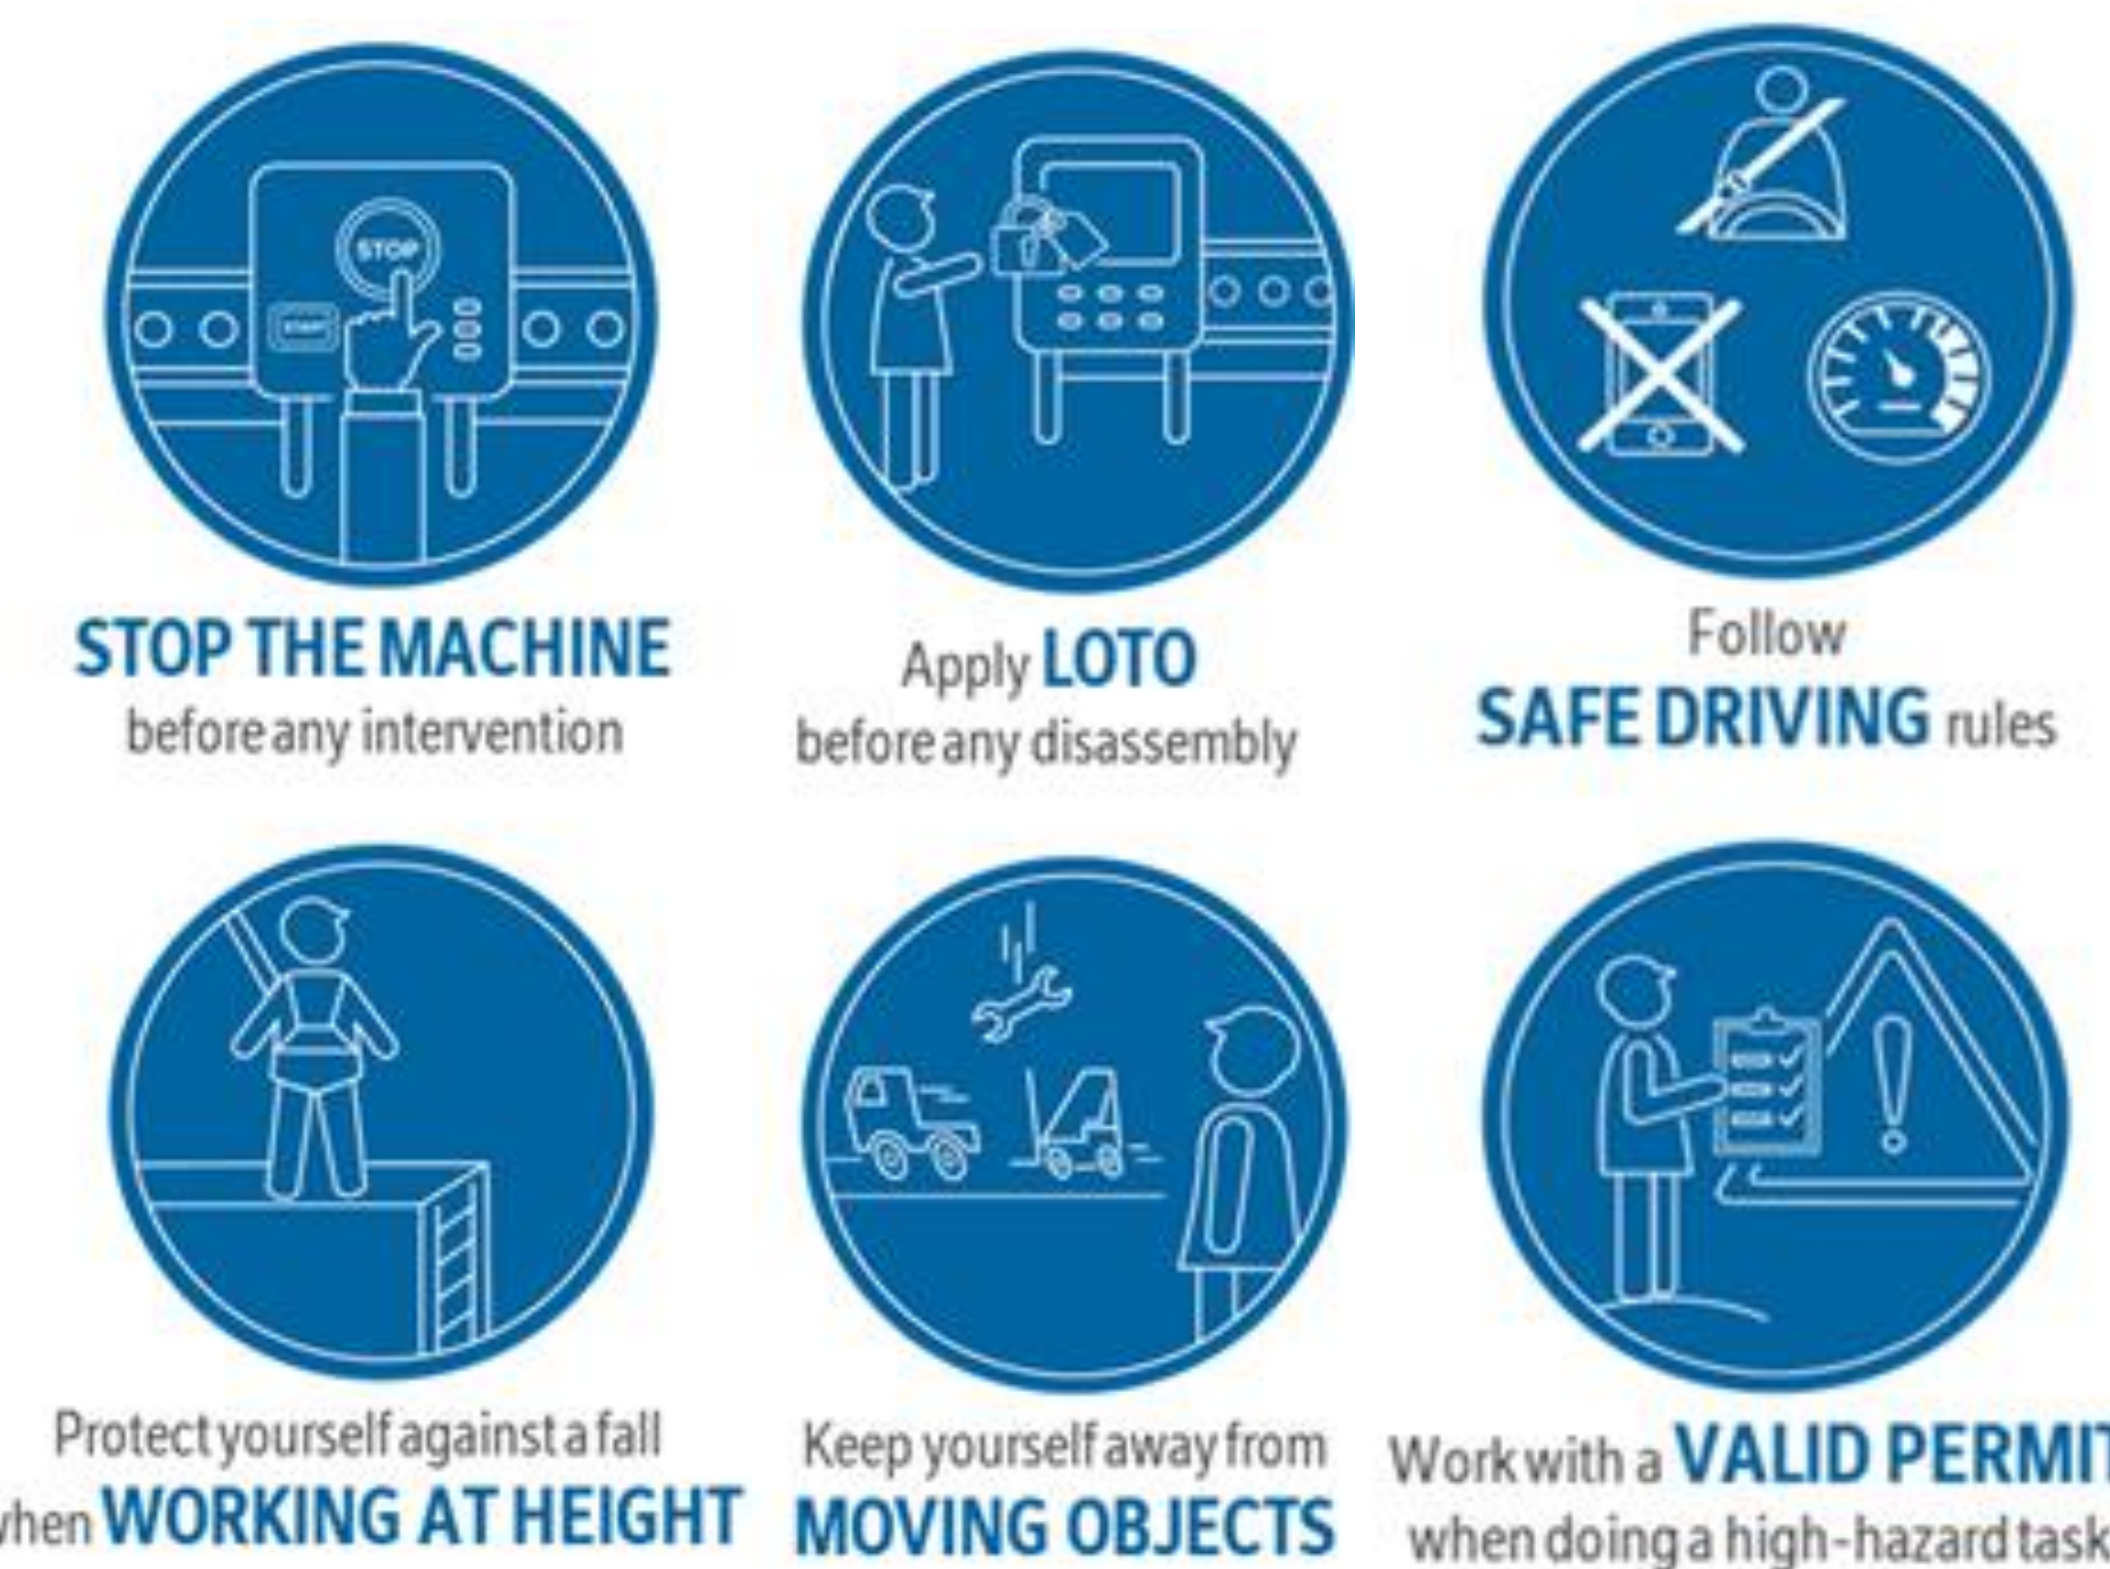

- Update and Organize Online Safety Training Program Records
- Produce Weekly SHE Topic Presentations for Site Teams
- Conduct and Document New Hire/Contractor Safety Orientations
- Log Waste Generation and Permit to Work Activities
- Participate in Planning, Brainstorming and Safety Confirmation Meetings
- Upload SHE incident Alerts to local webpage

Examples of topics covered in Safety Orientations

#### Specific Accomplishments:

- Earned Lockout Tagout Certification
- Completed Life Saving Rules Assessment
- Assisted in the Creation of Standard Operating Procedure
- Demonstrated VR Safety Training to Marketplace Innovators
- Developed Visual Standards and Training for Universal Waste Storage

Sample of Nestlé's Signature Life-Saving Rules designed to improve Safety

#### Ongoing/Future Projects:

- Addressing Internal and External Audit Findings
- Creating Site-wide Safety Engagement Campaign
- Organizing Safety Stand Down Day Events with multiple vendors
- Research and Refresh Current Composting Initiatives
- Conduct Solo Safety Walks around the Facility
- Implementing Virtual Reality into Safety Modules

### MOVING FORWARD

Me and my boss Adam testing out our Standard Operating Procedure

#### What Attracted Me:

Nestle is extremely committed to sustainability and has set and met ambitious goals for locations across the world.

#### Why I Want To Stay:

Rare company culture, everyone's willingness to both teach and learn from each other!

#### Future Career Aspirations:

Recently accepted full time position as a Nestlé SHE Factory Management Development Program Associate

#### Recommendations/advice:

- Apply early and connect with recruiters on LinkedIn
- Take advantage of as many opportunities to network outside of your department and site
- Make it known to leadership if you are interested in pursuing further career paths

### ACKNOWLEDGEMENTS

I would like to thank the entire Marysville site for giving me the opportunity to learn and grow as a safety leader and to thank my supervisor, Adam Calvelage, for continuously encouraging and supporting my aspirations
