Field Experience

Course description

Full-time practical professional experience in an environmental/natural resources field.

The course serves to intimately acquaint students with the important operations and administration of a variety of environment and natural resources programs and services. Preference is placed on exposure to as many aspects of comprehensive resource management as possible.

Internship experiences are a critical part of career preparation, allowing students to practice in the field what they have learned in the classroom. This course provides reflection and evaluation for a student's professional practice internship experience. This is completed both during the internship experience and upon internship completion. This course will provide a mechanism for students to have career-related conversations with their faculty mentor and discuss the value of the experience to their career pathway, as well as share their experiences with other students.

Final Summary

Students will write a thoughtful, grammatically conscious summary detailing their summer experience in 1-2 pages. The summary should be a response to a series of questions related to internship logistics and the student's learning outcomes. See additional instructions in course content.

Digital Internship Story

Students will create 2-5-minute digital internship story that is a visual representation of their experience. The video will be added to the SENR website in the Digital Internship Gallery at the end of the semester.

Digital Internship Poster

Students will create a professional digital poster highlighting their internship experience. The poster will be added to the SENR website in the Digital Internship Gallery at the end of the semester.

Student and Employer Evaluations

The Student Evaluation is for the student to complete and evaluate the quality of experience with that employer. The Professional Evaluation is for the supervisor to complete as a performance review with the student.

Final Debrief Meeting

After you have completed all other assignments, you will meet with Lucia (course instructor, SENR Career Advisor) to debrief about your internship. Be prepared to share and discuss your digital poster and to reflect critically on the internship experience and your own performance, as well as what your next step might be. (Another internship? Apply for permanent jobs? Apply for grad school? Etc.)

Late assignments

Late submissions will be accepted if prior arrangement has been made between the student and instructor. If no prior arrangement was made, late assignments may not be accepted.

Grading scale

- Final grades in for the class are reflected as Satisfactory/Unsatisfactory.
- Each assignment is worth a certain number of points. A complete assignment will generally be awarded full points.
- Points may be deducted for an assignment if the assignment is partially complete. The student may request the opportunity to resubmit a revised assignment for additional points by contacting the instructor at Hadella.1@osu.edu . The request must be made within 1 week from when the assignment grade is posted.
- **Passing the class**
There are 100 available points in the class. A student must earn at least 95 points to receive a “Satisfactory” final grade. Please note that this means that any missing assignments will result in an “Unsatisfactory” final grade.

OTHER COURSE POLICIES

Academic integrity policy

OHIO STATE'S ACADEMIC INTEGRITY POLICY

Academic integrity is essential to maintaining an environment that fosters excellence in teaching, research, and other educational and scholarly activities. Thus, The Ohio State University and the Committee on Academic Misconduct (COAM) expect that all students have read and understand the University's *Code of Student Conduct*, and that all students will complete all academic and scholarly assignments with fairness and honesty. Students must recognize that failure to follow the rules and guidelines established in the University's *Code of Student Conduct* and this syllabus may constitute "Academic Misconduct."

The Ohio State University's *Code of Student Conduct* (Section 3335-23-04) defines academic misconduct as: "Any activity that tends to compromise the academic integrity of the University, or subvert the educational process." Examples of academic misconduct include (but are not limited to) plagiarism, collusion (unauthorized collaboration), copying the work of another student, and possession of unauthorized materials during an examination. Ignorance of the University's *Code of Student Conduct* is never considered an "excuse" for academic misconduct, so I recommend that you review the *Code of Student Conduct* and, specifically, the sections dealing with academic misconduct.

If I suspect that a student has committed academic misconduct in this course, I am obligated by University Rules to report my suspicions to the Committee on Academic Misconduct. If COAM determines that you have violated the University's *Code of Student Conduct* (i.e., committed academic misconduct), the sanctions for the misconduct could include a failing grade in this course and suspension or dismissal from the University.

If you have any questions about the above policy or what constitutes academic misconduct in this course, please contact me.

For more information on OIE, visit equity.osu.edu or email equity@osu.edu.

Your mental health

As a student you may experience a range of issues that can cause barriers to learning, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student's ability to participate in daily activities. The Ohio State University offers services to assist you with addressing these and other concerns you may be experiencing. If you or someone you know are suffering from any of the aforementioned conditions, you can learn more about the broad range of confidential mental health services available on campus via the Office of Student Life Counseling and Consultation Services (CCS) by visiting ccs.osu.edu or calling (614) 292- 5766. CCS is located on the 4th Floor of the Younkin Success Center and 10th Floor of Lincoln Tower. You can reach an on-call counselor when CCS is closed at 614.292.5766 and 24 hour emergency help

is also available through the 24/7 National Prevention Hotline at 1.800.273.TALK or at suicidepreventionlifeline.org.

Diversity

The Ohio State University affirms the importance and value of diversity in the student body. Our programs and curricula reflect our multicultural society and global economy and seek to provide opportunities for students to learn more about persons who are different from them. We are committed to maintaining a community that recognizes and values the inherent worth and dignity of every person; fosters sensitivity, understanding, and mutual respect among each member of our community; and encourages each individual to strive to reach his or her own potential. Discrimination against any individual based upon protected status, which is defined as age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status, is prohibited.
