Course Description
This course will help students develop a broad understanding of Ohio’s native plants and animals, Ohio’s geology and geography, and the interrelationships between and among them. Students will develop research and observational skills associated with Ohio’s natural history.

Course Goals:
Upon completion of this course, students should be able to:
• Understand the abiotic and biotic components of Ohio’s natural history
• Understand the relationship between the abiotic and biotic components of Ohio’s ecosystems, including the influence of man
• Identify a range of Ohio species and landforms

Course Objectives
• Students will describe and explain Ohio’s geologic and climatic history and their influence on plant and animal communities.
• Students will identify and describe the ecology of Ohio’s common ecosystems and identify the plants and animals which inhabit them.
• Students will study the influence of man on the natural history of Ohio.

NOTE: any edition will be acceptable, including CD
Attendance
Attendance and punctuality are required and expected. If you need to miss a class, please inform the instructor in advance or have a written excuse for your absence from the Student Health Center. If you miss a class, you are responsible for copying the notes from a fellow classmate and then seeing the instructor if you have any questions. If you have an unexcused absence for a presentation or test, your grade will be entered as a zero.

Class Format
Classes will be a combination of lectures and field trips. A Carmen D2L site will be utilized. Discussion and questions are welcome; you sit amongst a synergistic group of your peers. Remember; always have a passion for what you are learning!

Disability Accommodations
The Office for Disability Services will be relied upon to notify the instructor of the need for accommodation of a registered disability. If you need an accommodation based on the impact of a non-registered or temporary disability, please inform me so that we can discuss the class format, anticipate your needs, and explore potential accommodations.

Notes:
- Tests will cover both lecture and text material. Makeup tests will be offered only under extreme circumstances.
- Assignments are due at the beginning of class on the assigned date. Late assignments will be devalued by 5% of their grade per day, including weekends.
- Writing skills ALWAYS count! Points will be taken off for poor composition and poor spelling.
- Please make sure you cite and give credit for ALL material you use in your work, including that which is gathered from the internet.
- Faculty rule 3335-5-54 will be followed in the case of academic misconduct. Basically, don’t cheat, don’t plagiarize, and don’t be foolish enough to think I will let these kinds of actions slide.

Plot Study Assignment (due Ap. 19):
- to be completed by a team of two students
- see guidelines posted on Carmen
